## From Preferred

We all know the history of the Pony Express as we were taught in school. He was a sometime vegetarian and a fairly strict disciple of the celebrated crank Dr. He was out west in support of a transcontinental railroad.

In Corbett's discerning hands, the saga splits in two. No one who does not see can realize how vast a business this is, nor how immense are its outlays as well as its income.

**ne-x.uni.rf.gd: Customer reviews: Orphans Preferred: The Twisted Truth and Lasting Legend of the Pony Express**

He spent little time in the West, preferring the easy life of New York and Washington.

Although he spent no time there, he was one of the founders of Denver. Corbett manages to track down all the pieces and parts and people that went into making the PE such a legend. Corbett lists various movies through which the Pony Express rides, and could never have actually ridden due to its northern route or restricted months of operation.
