Prevent Heart Disease

You may have these symptoms because your heart isn't pumping enough oxygen-rich blood to the brain. Drugs that may cause or exacerbate heart failure: A scientific statement from the American Heart Association. You can avoid much stress for yourself and your family if you know about your heart disease and what you can and cannot do.

Heart Failure: Types, Symptoms, Causes & Treatments

This can cause the left ventricle to become thick or stiff, and you can develop HF-pEF. Arteries carry blood and oxygen to your heart.

Heart Attack Recovery & Cardiac Rehabilitation

The more active you are, the more you will benefit. Anand Chockalingam, cardiologist at University of Missouri Health Care.

Heart Attack Recovery & Cardiac Rehabilitation

Talk with your health care team about how often you should check your blood pressure. With the right care and treatment plan, heart failure may limit your activities, but many adults still enjoy life.
