Wildlife Safaris —

The duration can vary wildly depending upon the journey undertaken, and can even be just the short drive from the lodge or camp to the park exit and vice versa.

Tanzania Up Close: Culture, Conservation, and Wildlife

The trek is taken at the clients own risk. What should I take for mountain climbing? The Leakey team's discovery of primitive tools and, later, fossilized hominid remains *Australopithecus boisei* and *Homo habilis* at this site helped lay the foundation for present-day theories on human evolution. Most safari lodges and tented camps shut off electrical power during part of the night in order to conserve energy.

Tanzania Wildlife Management Authority

What I should know for Safari? Bottled water is available everywhere and in almost all Lodges and Hotels and all super markets.

Wildlife Division

Learn from the children what it takes for them to get to and from school every day.

Tanzania Up Close: Culture, Conservation, and Wildlife

What is the best time to visit Tanzania? Meru in search of buffalo, colobus monkeys, and warthogs. They are one of the few hunter-gatherer societies remaining in Africa, living off the berries, roots, honey, and tubers they can forage and any game they are able to kill.

Tanzania Up Close: Culture, Conservation, and Wildlife

Their unique language includes the use of clicks similar to the languages of the Khoisan peoples of southern Africa, though they are not thought to be related. As we reach the village, we will have the opportunity to see how the kids live and meet some members of the community.

Tanzania Up Close: Culture, Conservation, and Wildlife

Wide range of accommodations is available to suit your budget, lodges, hotels, tented camps, permanent camps to name a few.

Wildlife Division

The Southern and Western Circuit Parks are best visited during the dry-season June to October , unlike the more popular Northern Circuit Parks that can be visited year-round. Policy and Legal Framework Laws relevant to wildlife conservation include the Wildlife Conservation Act No. It is always colder in the evenings and early mornings; plan to dress in layers.
