Partition of Turkey and annexation of the Western Balkans was not taken seriously as an option by Austria, however, no matter how often it was suggested by Russian or German diplomats. Even if they agreed, the state apparatus was often too weak to overcome popular nationalism and secret conspirators.

## The West faces the new Eastern Question

Balkan diplomats had to deal with mass movements, secret activities, and revolutionary leaders who lacked official status or aristocratic values or both. The first was the introduction of novel social and economic forces see Lecture 9. Austria's economic wealth was concentrated in advanced regions like northern Italy and Bohemia.
