Estimators need to understand the consequences of entering into a contract, often defined by complex conditions and documents, as well as to appreciate the technical requirements of the project. According to Brook 2008, in the traditional method, the tender submissions usually consist of form of tender and covering letter. For our continuing level courses — It is recommended for some of these that basic construction knowledge

would be required and in the more complex subjects a good construction background is required see individual course information sheets.
