The History of Education in England

There is a dire shortage of educational psychologists in local authorities, and children can expect a wait of at least a year to see one for a diagnosis. Between 2009-10 and 2017-18, total school spending per pupil in England fell by about 8% in real terms, which compares with about 5% in Wales.

Education in England

Increasing pressure from Welsh leaders for more autonomy brought devolution of administration in May 1999, meaning that more political power has been given to the Welsh Office in Cardiff. Where a residential placement is considered appropriate, this should also be recorded here.

SEND in Wales

The leek and the daffodil are also important Welsh symbols. Ref: Land of My Fathers: 2000 Years of Welsh History; Gwynfor Evans I am 75 years of age and as a boy I was always told that the Welsh language suffered because Queen Victoria forbid the teachers to teach in Welsh, they had to teach in English.
