Western Decline Began in the '90s

Some may argue that we can never know the exact costs of environmental diseases. How much has the broader political transformation been a part of making this kind of corporate extortion easier and more legitimate? Fear of the coronavirus will reshape the 2020 election conversation, but again, there is no evidence yet that the pandemic will depress the economy or economic confidence in the United States more than in other major powers. With the transformation of into an economic powerhouse, there have been continued debates on whether it can be expected not only to dominate Asia but also to compete with the United States as another global superpower.
