A copy was also possessed by the Catholic king and emperor Charles V. Over the centuries the church, particularly

in the office of the , had become deeply involved in the political life of western. The emergence of these mixed social sectors was an early part of the larger process of the dismantling of the feudal economy that was to culminate with the consolidation of industrial capitalism in the nineteenth century.

## Renaissance: Definition, Rise and Development

The Polish astronomer 1473—1543 posited that the Earth moved around the Sun, not the other way around, as had been assumed for centuries — a theory proved through close observation by the Italian polymath 1564—1642 , who also refined the mechanical clock. Both periods are starting to look different in dialogue with each other.

## Renaissance & Reformation

Calvinism therefore did not spread in a territorially coherent way; it moved across central France to the Huguenot bastion of La Rochelle, to the Netherlands, to England, to parts of Switzerland and Germany, and indeed all the way to North America. But several centuries ago it introduced them.

In 1527 he threatened the Church with resignation if it did not meet his revenue demands, to which it acquiesced Elton 1963. Although the split

was along family lines at first, ideological differences arose based on opposing views of the papal role in Florentine affairs, with the Blacks supporting the pope and the Whites wanting more freedom from Rome.

### **Renaissance: Definition, Rise and Development**

It is to be maintained that the capitalists started their business not for the progress of Renaissance but for their economic gains. Thus, he challenged the arguments of clerical intellectuals who wanted to limit access to classical sources to prevent any moral harm to Christian readers. Tedeschi's contribution is a most valuable addition to the library of every scholar of the Renaissance.

### **Literature, Politics and National Identity: Reformation to Renaissance.**

For many farmers it was not possible to change their business from grain-production to cattle breeding, which could have been a solution to this problem. Many of the popes were lavish patrons of artists, architects, and scholars.

### **Reformation**

The export and import of commodities brought about a radical change in foreign trade and along with it the academic and intellectual world underwent change which was unimaginable before the advent of Industrial Revolution and merchant capital which grew along with the growth of capitalism. Whose bloody country is it anyway? As he quarreled with the Roman Catholic Church over the divorce of his wife Catherine of Aragon he decided to break with the Church and made the King head of the English Church leading to a growth of a national identity of its citizenry.
