Division of Labor and Industry

Information on this site allows projected employment growth for an occupation to be compared among states or to be compared within one state. OSHA investigates all work-related fatalities in all covered workplaces. The table below can be modified or searched by inserting additional information in the boxes above each column.

Missouri Workers' Safety Program

Section VII Item 1 Using the link found in this section, download the Excel spreadsheet to your computer and complete it. We work to ensure that Missouri businesses have access to individualized safety and health services.

DOL: File an IOSHA Complaint

Occupational health and safety specialists inspect workplaces for adherence to regulations on safety, health, and the environment.

U.S. and Virginia Labor Laws

With a track record of outstanding customer service, and 18 years industry experience, we're the perfect partner for your business. Specialists must have graduated from an accredited educational program and have work experience to be eligible to take most certification exams. Note: Federal employees and employees working for tribal employers on tribal lands are covered by the federal.

Fatality Inspection Data

Licenses, Certifications, and Registrations Although certification is voluntary, many employers encourage it. Webpages on this Topic The Injuries, Illnesses, and Fatalities IIF program provides data on illnesses and injuries on the job and data on worker fatalities.
