Dictionary of Afro

More Books: This second edition relates the long and brutal history of slavery and the struggle for abolition using several key features: Chronology Introductory essay Appendixes Bibliography Over 500 cross-referenced entries on forms of slavery, famous slaves and abolitionists, origins of slaves, and current conditions of modern slavery Drawing upon the work of historians and librarians who teach bibliographic skills and the general literature of bibliographic instruction, this sourcebook discusses a diversity of instructional issues, designs, and concerns. The essays treat both broad subjects, such as the slave trade, abolition, and education, as well as more focussed topics like the underground railroad, slavery in specific cities or states and biographies. Libraries especially -- public, high school, and college -- should find it the first reference for people looking into any aspect on slavery.

Dictionary of Afro

Each is signed by one of the over 200 contributors, primarily college professors, who are listed in an appendix with their affiliations.

Laboring over the past half decade, they have brought together nearly 300 individual articles covering the period from the first English settlement in America to Reconstruction after the Civil War. Reference Books Bulletin Written by a veritable 'who's who' among historians of the subject some 200 of them, the nearly 300 signed, alphabetically arranged entries to people, places, and themes fluidly integrate narrative and interpretative history on slavery.

Dictionary of Afro

The essays, which range from a few paragraphs to over five pages, are arranged alphabetically. Contributors are some of the most noted scholars in the field and while the entries are inevitably of mixed quality, they are generally excellent.
