of January 19

Forty-one counties in New York were declared Federal disaster areas.

of January 19

Flood, PA, Montgomery, Jan 19-20, 1996. From Water Control Commission Hearings, testimony of Gerald B. Flood stage is 9 feet.

New York Water Science Center

Source: NOAA Great Lakes Environmental Research Laboratory. Several hundred cases of typhoid were reported, likely the result of the Albany city filtration plant being overwhelmed by floodwaters.

ne-x.uni.rf.gd: January 19

Ice and debris contributed to the flooding where they became jammed at culverts, bridges, and natural constrictions within stream channels.
