## Section 110

This responsibility extends to a systematic consideration of properties not under the jurisdiction or control of the agency, but potentially affected by agency actions. Perform 100 percent of all assigned GMIPs in strict accordance with the prescribed technical criteria.

## Section 110

Consultation is built upon the exchange of ideas, not simply providing information.

## 36 CFR § 61.6

However, the decision to act or not act to preserve and maintain historic properties should be an explicit one, reached following appropriate consultation within the section 106 review process and in relation to other management needs.

## 36 CFR § 61.6

While, overall, government funding offsets nearly four-fifths of provider uncompensated care costs, it does not pay for all of these costs. Preservation Officer k The agency position responsible for coordinating the preservation program is the Preservation Officer required of all agencies by section 110 c of the NHPA unless specifically exempted under section 214 of the NHPA. Federal Acquisition Regulations FAR Subpart 7.

## NPR 8735.2B Management of Government Quality Assurance Functions for NASA Contracts

Final product acceptance requirements per paragraph 2. Note: Research and development acquisitions include basic research, applied research, and technology development. Federal Government The National Park Service oversees two federal designation programs, the and the National Historic Landmarks Program.

## **County Initiative Program (CIP)**

Another limitation to the analysis is that we do not account for private funding sources that are available to help pay for care received by the uninsured such as care provided to the uninsured by philanthropic organizations or by private physicians or private funds that flow through government-funded programs, such as prescription drug rebates. In particular, Section 110 of the Act calls on all federal agencies to establish--in conjunction with the Secretary of the Interior--their own historic preservation programs for the identification, evaluation, and protection of historic properties.
