Warlpiri and the theory of second position clitics

Subject clitics and verb-second in Sumiran Rumantsch. Somerville, MA: Cascadilla Proceedings Project. Internal Merge in the present proposal.

Participle movement and second position cliticization in Serbo

On Icelandic word order once more. Adjunction to TP is available for constituents that are interpreted as topics as well as for certain adverbials. Thus, finding that a given phrase cannot be elided can, in principle, be explained by it not being a phrase.

[PDF] Clitic positions within the Left Periphery: evidence for a phonological buffer

Journal of Slavic Linguistics, 10. Paper presented at GLOW 27, Aristotle University of Thessaloniki, Greece.

[PDF] Clitic positions within the Left Periphery: evidence for a phonological buffer

In the case of participle fronting in Bulgarian, the issue is to allow V movement while disallowing VP movement.

do second

Oxford: Elsevier, North Holland Linguistic Series. Morphological and prosodic alignment at work: The case of south-slavic clitics.

CiteSeerX — On the emergence of the second position cliticization in Slavic

Morphological and prosodic alignment of Bulgarian clitics. A constraint on copy deletion.

LINGUIST List 12.2776: Syntax

The flexible nature of verb movement. Likewise, the *da*-phrase complements to modals exemplified above must be maximal extended projections and the modals, like the copula, are lexical and project their own extended projections.

Participle movement and second position cliticization in Serbo

Generalized alignment and morphological parsing. Rules and constraints in describing the morphology of phrases. X is maximal if it is not dominated by another X.
