Sexual Assault Statistics

In these circumstances, caregivers may seek assessments of sexually abused children, and law enforcement may refer children to assessment providers.

Sexual Assault Statistics

The project implemented a mass media and community-based communications campaign that aimed to reduce societal acceptance of GBV in Tanzania in 2011—2012.

Measuring domestic violence and sexual assault against women

Koss MP, Heise L, Russo NF. Oxford: Oxford University Press, 2009.

Selected Research & Analysis: Demographic Characteristics > Sex, Comparative

This ratio is meaningless because no data were obtained concerning the actual sexual orientation of the teachers involved; as before, Cameron assumed that male-male contacts were perpetrated by homosexuals.

Women also sexually abuse children, but their reasons often differ from men's

Prevalence of child abuse, as reported by parents, using various versions of the CTS is 4—5% of American parents Straus et al.
