implementation of the state policy as it subsequently leads to miscalculations and errors in the implementation of socio-economic policies. The parallel development of these processes in Russia resulted in a number of contradictions, and the system is constantly exposed to reforms, which does not allow laying the foundation for long-term, stable and sustainable development.

The existence of various conflicting interests is typical for the object and the subject of public administration. This will require some deeper analysis to identify specific areas of opportunity.

### **Governance in Healthcare: The Biggest Factor in Success**

Rather, they take place in complex political and social settings, in which individuals and groups with unequal power interact within changing rules as they pursue conflicting interests.

### **Role of State in Economic Development**

Governance management and development making the state work amazonde hulme david turner mark mccourt willy fremdsprachige bucher. The poor development of informational and analytical factors of managerial decisions is one of the most vulnerable parts of the
