The vast majority of Argentine Jews are descended from immigrants who arrived from Europe. For riders, this information included the names, email addresses, and mobile phone numbers related to accounts globally.

Uber Technologies, Inc.

Uber closed its IPO on May 14. When the incident happened, we took immediate steps to secure the data, shut down further unauthorized access, and strengthen our data security. In addition to all of the proprietary analysis in the Snapshot, the report also visually displays the four components of the Zacks Rank Agreement, Magnitude, Upside and Surprise ; provides a comprehensive overview of the company business drivers, complete with earnings and sales charts; a recap of their last earnings report; and a bulleted list of reasons to buy or sell the stock.

Information about 2016 Data Security Incident

As you might remember from your school days, an A, is better than a B; a B is better than a C; a C is better than a D; and a D is better than an F.

Uber Technologies, Inc.

Information about 2016 Data Security Incident

This is an approximation rather than an accurate and definitive count because sometimes the information we get through the app or our website that we use to assign a country code is not the same as the country where a person actually lives. This rewards program allows you to earn points every time you spend money on an Uber service. An industry with a larger percentage of Zacks Rank 1's and 2's will have a better average Zacks Rank than one with a larger percentage of Zacks Rank 4's and 5's.
