Water Quality Program

Recent Accomplishments Congratulations Whatcom County! You can learn more and.

Resource Management

It requires consistent efforts to address preventable sources of fecal bacteria pollution.

Public Works

Monitoring the freshwater inputs to these systems helps identify priority locations for follow-up actions and public outreach. The focus of this document is on the areas above the and PUD water intakes. The City of Bellingham and have jointly prepared a source protection plan for the Lake Whatcom watershed.

Stormwater/NPDES

The study was completed in 2014. Lake Whatcom provides drinking water for the City of Bellingham and Lake Whatcom Water and Sewer District customers.

Whatcom County MRC

Temperatures are getting warmer, wet areas are starting to dry out, and vegetation is starting to sprout and bloom.
