## The Page 69 Test: September 2013

Acknowledging writing as work might have pervasive consequences. Personality conflicts between the two ensue after free-spirited Liz arrives in rain-soaked London in response to a job offer. Liz and Beth, although only cousins, are mirror images of each other; their twinning going beyond biological ties is established in blood, the bloodshed from IRA bombings in England.

My vision of feminist fiction is storytelling which so deeply involves the reader in feelings, issues, and ideas that she asks, How does this apply to my own life? New York: Persea Books, 1984.

on Economist, August 28, 1999

Her characters are fiercely independent, fiercely political and, for the most part, fiercely alone. I think that the definition proceeds from the term woman-identified. He will follow that with a morning activity on Saturday, June 2nd.

**Valerie Miner (Author of All Good Women)**

The short story can do no more.
