The point is rather that philosophical puzzles, such as the issues of expensive tastes for expensive wine, caviar, fast cars, or you name it, are simply beyond the radar screen of the child laborer or the poor peasant.

The Capability Approach and the Praxis of Development

. As a whole, this volume offers a unique and innovative scrutiny of a multifaceted capability-based analysis of development practice and public policy.

Conclusion: The Capability Approach and the Praxis of Development

Here, Sen asks us to consider two persons with the same set of resources.

The Capability Approach and the Praxis of Development — the University of Bath's research portal

A strong acknowledgment of human diversity is one of the key theoretical driving forces of the capability approach.

The Capability Approach and the Praxis of Development

This part discusses thorny issues in capability theory and raises the potential for capability theory to lead to new ways of thinking about old problems. Many capability theorists have long believed that the capability approach has a normative commitment to expand certain doings and beings that people have reason to value, as Sen has proposed. Environmental conversion factors emerge from the physical or built environment in which a person lives.
