Polar bears: proceedings of the 18th working meeting of the IUCN/SSC Polar Bear Specialist Group, Anchorage, Alaska, 7

Together with the previous 13 proceedings, they provide an historic record of international efforts in protecting, studying and managing polar bears.

Polar bears : proceedings of the 14th Working Meeting of the IUCN/SSC Polar Bear Specialist Group, 20

In the complexity of possible interactions between climate change, local harvest, and in some areas high levels of pollutants, an increased level of international cooperation was advocated.

IUCN/SSC Polar Bear Specialist Group

As per January 2021 it looks like the situation around the Corona virus still will not allow for physical meetings in summer 2021. UPDATE 5 December 2014: Links to more recent posts relevant to this issue added below. The PBSG status table is being worked on and a new table with new and adjusted criteria will be published soon, most likely no later than end of February 2021.

Polar bears : proceedings of the 14th Working Meeting of the IUCN/SSC Polar Bear Specialist Group, 20

And while it is true that no one truly knows how many polar bears there were in 1960, it is also true that by that time, over-hunting had occurred on a large scale for decades, and that there were fewer bears then than there are now see another discussion of that topic. Global Change Biology 20 1 :76-88. The material within these proceedings represents a summary for 2009—2016 on the state of knowledge and conservation concerns for polar bears throughout their range.

IUCN/SSC Polar Bear Specialist Group

Emphasis on polar bear conservation and management with reports from Canada, Greenland, Svalbard, Norway, Alaska and Soviet Arctic.
