Amenities in Lancaster improved during the 19th century.

Lancashire maps dating back to 14th century reveal the county's complex history

Evocative sites dating from this period can be found at High Park, above Leck Beck and at Portfield above Whalley, where settlements suggest occupation from the Neolithic. These are evident throughout the Lancashire landscape. Among the many well-known people who were born or lived in Lancashire are textile industrialist and inventor ; , the inventor of the ; footballer Sir Tom Finney; opera singer ; animator ; and comedian Eric Morecambe.

Lancashire maps dating back to 14th century reveal the county's complex history

The visible remains of the Iron Age within the landscape are generally confined to hillforts at Castercliffe and Warton Crag and a number of defended farmstead sites. THERE MIGHT BE DELAY THAN THE ESTIMATED DELIVERY DATE DUE TO COVID-19. Some sections of these roads were quickly abandoned for long distance travel and are consequently well preserved and can be traced for miles; others, including routes, which stayed in use and were thus worn out and rebuilt on many occasions, can be difficult to trace.

A History of the County of Lancaster

The remains of exist at , , , and.

Lancashire Coalfield

But his army was routed by Cromwell at Worcester and he was forced to flee abroad.

A History of Preston

From 1800 Preston had night watchmen that patrolled the streets at night. Another road travelled from Manchester to Lancaster along the margin of the plain although details of its route are uncertain.
