## Gifted Challenges: Giftedness and the growth mindset: Lessons from music and sports

Many hardly realise that there are children who are very bright and have much natural ability which is not discovered, and is not encouraged or made use of. In the nomination and screening phase, various identification tools should be used to eliminate bias. School seems irrelevant and perhaps hostile to them.

## Identification of Gifted Children

How do you support them enough so that they do not snowball to these high risk categories? Department of Education Office of Civil Rights. Students who are highly motivated and intensely interested in academic or creative pursuits may undergo an apparently sudden radical transformation, losing all interest in previous passions. The guidelines imply the facilitation of learning arrangements that provide flexible self-

regulation for gifted pupils.

### **Profiles of the gifted and talented**

He cannot relish, what is taught and find himself idle for most of the time, rather, indulge in mischiefs. This approach provides a new understanding of the gifted and talented and new opportunities for developing techniques and strategies for facilitating the cognitive, emotional and social growth of these children.
