## The Quick and the Dead on Apple Books

What's the origin of the phrase "The quick and the dead"? It is absolutely flawless - a deranged, bizarre trip into the heart of the desert and the mind's of the characters who populate that arid climate and their own internal, personal, emotionally devastating landscapes. You take pride in your all-around physical development—but have precious little time for it.

## The Quick and the Dead: The Perils of Post

I found myself reading less and less until I just had to give up on it and move on to something else. The three teen-agers spend the summer drifting between life and death, volunteering at a nursing home, navigating a taxidermy museum, and, at least once, tying up a boy for killing a sheep.

## The Quick and the Dead (1995 film)

I skipped over most of that. Alice's misanthropic, misguided Show me a novel better than this one and I'll eat my shoes.

## The Quick And The Dead A Novel PDF Book

Herod has arranged for a gun-fighting competition where two people duel and the winner goes on to the next round of competition until only two people are left standing

## The Quick and the Dead book by Joy Williams

This was my first Louis L'Amour novel. I think it really comes into its own in Part 3. When Ellen and Cort refuse to participate in their duel, Herod informs them that, should Ellen attempt to leave town, she will be shot, and if they refuse to fire on each other, they will both be shot.

## The Quick and the Dead (1987 film)

Or avoided him, or whatever. This story is grim, uncompromising, and at times cruel, but with a real sense of humanity. For such a short book, Louis L'Amour manages to pack in plenty of punch.

## **The Quick And The Dead: A Novel by Jack Curtis**

In a somewhat dizzying middle passage that cross-cuts between characters and events, a house burns down, a dog is hung, a 19-year-old drifter carries a dead bighorn ram across his back, a panicked deer thrashes in a swimming pool, a gay piano-player contemplates bathtub suicide, and an eight-year-old poet pickets against taxidermy outside a museum of stuffed animals. There was nothing powerful or terribly thought provoking about this book but it was something to do for those of us who don't have TV and would occasionally just like some diversion that is pretty clean. Perhaps Williams intended it to be this way.
