Rouse, rouse, for your light has come, Arise and shine! He examines and knows our secret thoughts, And foresees at their start the end of all.

Bahut tum yad aate ho,bahut tum yad aate ho..

But You are our Sovereign G-d eternal. Guard our departing and our returning in life and in peace, now and forevermore. I offer my prayer to You, O Lord At a time of favor.

Guide them with Your good counsel. Render us pure of heart to serve You in truth. Far from having disappeared, Christian and Muslim antisemitism are still with us today, perhaps more virulent than ever.

Text Translations for Jewish Choir Settings by Michael Reid Winikoff

It is a time of self-reflection and self-criticism. Shake yourself and rise from the dust,Don your splendid garments, O my people, By the hand of the son of Jesse, the Bethlehemite, Draw near, redemption, to my soul. As the shepherd musters his flock, Bringing each under his staff, So do You summon And pass each living soul before You Assigning the length of its days And inscribing its judgment decree.
