My mother is all I got. This means that they cannot afford to eat.

Reports

The first to go was María, her eldest daughter, who went to live in Colombia in August 2016. For Natacha, having extra sources of income through her hair dressing services has allowed her to fix up her house and to save some money.

The Role of Women in the Caribbean on JSTOR

From what I could tell this is now the new normal.

Economic empowerment and skills development for young women

Based on the information gathered, the survey was able to conclude that aside from unemployment, one of the reasons behind the general increase in poverty has been the progressive deterioration of income.
