(PDF) Modern Library & Information Science Series 1 (MCQs) [NET/SET Paper II & III]: Dr. Kanchan Kamila's contribution to LIS [Only LIS link in India which enable to qualify CBSE

In a faceted scheme, if the fundamental categories are sound, new entities can be described and added.

## Knowledge Discovery in Databases

Understanding the human cognitive processes involved in creating a search or determining what is the solution to a search is critical to the future of KDD. To belong to the class, an entity must have the prescribed necessary attributes; if it has the necessary attributes, this then constitutes sufficient warrant, and the entity must belong to the class.

## **Archival Description, Information Retrieval, and the Construction of Thesauri in Israeli Archives, Archival Science**

Searching for just a few words should be enough to get started. Rules for a printed dictionary catalog.

### **The terminological and disciplinary origins of information and knowledge organization**

The typology of ranks based on who commands whom is but one of them.
