## Cambridge History of Eighteenth

But we may say that the first was acutely raised by Toland and Tindal; the second, by Anthony Collins, Thomas Woolston, Conyers Middleton, and others.

## Monthly bulletin. [Vol. 2, no. 1]

Nuove osservazione microscopiche, Naples: con Licenza di Superiori. We do not know how to distinguish a newfound human skill from one conferred by God; and whatever skills humans exercise, they do so with a consistency of cause and effect from which nature never deviates. Moreover, theology was taken to be, like medicine, pre-eminently a practical discipline.

## Medical Terminology: Chapter 11

A fee of five pesos per annum or fifty centavos per month is charged for the lprivilege of drawing books from the Circulating Division American Circulating Library.

## Monthly bulletin. [Vol. 2, no. 1]

Philosophical Transactions of the Royal Society, 90, 403—431. Parkinson had not seen the disease previously. N638m Norris, Kathleen: Poor, dear Margaret Kirby and other stories.

## **Medical Terminology: Chapter 11**

Boswell thought that some benefit to Johnson's health might be derived from a winter in Italy. Microscopes and Microscopy in the Eighteenth Century Ford, B.
