**The Flight : Confessions of an Argentine Dirty Warrior by Horacio Verbitsky (1996, Hardcover) for sale online**

It debauched the American republic and American democracy, and it levied a hideous toll of casualties on weaker and more vulnerable societies.

## Horacio Verbitsky

This radical transformation was to be brought about not only in the torture chamber, but in the media as well. Artists then often rewrote their lyrics, perhaps more than once. Incensed by what he perceived as injustices in the treatment of former members of Argentina's military dictatorship, retired navy officer Francisco Scilingo stunned his countrymen and the world by openly confessing to his own participation in the practice of pushing live political dissidents out of airplanes over the South Atlantic during the course of Argentina's dirty war.

## The Flight: Confessions of an Argentine Dirty Warrior

Questo emozionante saggio nasce dalla confessione di un militare di Marina pentito, Adolfo Scilingo, volenteroso carnefice dei dittatori militari dal 1976 al 1983. Perhaps as many as 100, 000 indigenous people lived in the Jesuit settlements, which resembled other Spanish municipalities but operated with a political and economic autonomy that did not apply to other Iberian settlers. Clearly, such an ambitious undertaking would require a concerted and highly orchestrated effort, involving many in the government, military, and police.

## Book Reviews, Sites, Romance, Fantasy, Fiction

E nel mezzo c'erano delle altre persone convinte di aver fatto e stare facendo il proprio dovere, con l'approvazione totale ed incondizionata delle Forze Armate, la tacita assoluzione di gran parte dei loro conterranei che voltavano la testa dall'altra parte e in più l'assoluzione della Chiesa perché essendo timorati di Dio - Dio con la Maiuscola? He was discharged from the military in 1998 after defending his actions in a press interview.
