**United States Senate Committee on Government Operations (United States. Congress. Senate. Committee on Government Operations)**

Why did you not interrogate the Chairman? Widnall 247 Hayes, Alfred: Prepared statement 83 Response to questions of: Chairman Wright Patman 349 Hon. Robert Weintraub, staff economist of the House Banking and Currency Committee on July 16, 1974 First recommendation Second recommendation Third recommendation III. The emphasis is from the transcript of the Chicago Bank.

## Energy crisis: the need for antitrust action and federal regulation (Book)

The monetarist warning that policies based on banking school themes exacerbate longrun economic instability and cause too high, not too low interest rates in times of monetary abundance has not yet been heeded. Recent Experience Weintraub: You believe. They also warn that fighting fires and keeping order in money markets can require the Fed to supply new money much faster than the desired longrun rate for an extended period of time, and with disastrous longrun consequences.

## Full text of Federal Reserve Policy and Inflation and High Interest Rates : Hearings Before the Committee on Banking and Currency, House of Representatives, Ninety

Like the larger Report, it is based on interviews with the twelve Eeserve Bank Presidents -and five members of the Board of Governors.

MacLaury Minneapolis : I would ascribe this much more to the difference in the economy and public policy in its broader sense of war, nonwar periods.

**Native American Legal Materials Brief Bibliographic Records, Titles 3850**

Hopefully you have physical output growing at the same rate as your spending.

**United States. Congress. Senate. Committee on Finance**

Burns : Concerning the Federal Reserve Board's responsibilities regarding the Franklin National Bank and its holding company operations and the entry of foreign investment in the U. Hayes New York : We always have to walk this fine line between combating inflation and taking undue risks of setting in motion recessionary forces.

**Energy crisis: the need for antitrust action and federal regulation (Book)**

Normally, people go for cash rather than demand deposits when they are fearful the banks are not going to survive. You can question him on this, of course.

**Native American Legal Materials Brief Bibliographic Records, Titles 3850**

I think it is important to bring it down slowly, and not to move rapidly. The counterpart of those effects, of course, is bankruptcy.
