.

**Self**

This chapter concentrates on the second of these debates—the moral permissibility of new criminal offences—by developing a moral justification for certain expansions of the substantive criminal law.

**Self**

Most jurisdictions do not recognize imperfect self-defense.

## Necessity as a Defense in a Criminal Case

The law does not expect people to be passive when their safety is threatened. Note that the law of self-defence is found in criminal law only because it provides an exemption from the general rule that prohibits the killing or injuring of another. Betty appealed to the Court of Appeals of the County of Cuyahoga, and the Court affirmed her conviction.
