Criticism of Electronic Arts

One reason for this is that since MM states that moral features will only sometimes also be aesthetic features, there must be some moral features of artworks that are not aesthetically relevant, whereas no such category is required by ethicism.

The lost art of criticism

For a time, two critics in particular—who began as friends, and remained in the same social circles for much of their lives—set the stakes of the debates surrounding the maturation of American art that would continue for decades. We study it more and with new techniques, and we make this information available in different ways. Terms and inventory available are subject to change at any time.

ART CRITICISM AND FORMAL ANALYSIS OUTLINE

I am a pluralist about literary approaches, holding that there are many that deserve to be respected and fostered. If this trend is to continue, critics may as well be replaced with computer algorithms producing pie charts instead of reviews. Although most advocates of ethical criticism successfully avoid the negative causal thesis that bad art corrupts, many do in fact defend a version of the positive causal thesis that good art morally improves its audience.

The 10 Essays That Changed Art Criticism Forever

Accounts of morality such as those proposed by Murdoch and Nussbaum, which emphasis the importance of our inner lives, provide obvious morally relevant subject matter, for which artistic representation is a highly appropriate means of communication.

Understanding Art: From Appreciation to Criticism and Connoisseurship

Nor does the ethicist thesis hold that manifesting ethically good attitudes is a sufficient condition for a work to be aesthetically good. However, although there are valuable aspects to MM — in particular, the common reason argument has its merits — it nevertheless seems more plausible to claim, as the ethicist does, that the moral features of narrative artworks are always aesthetically relevant, i.

What is the Purpose of Art Criticism Today?

The experienceable artwork itself can be more like evidence at a crime scene: irrelevant and meaningless except in the context of the action or thought that created it.
