

Presentation to the Standing Committee on Labour Manpower and Immigration on Bill C-34 - an act to amend the Canada Labour Code and the Financial Administration Act

National Action Committee on the Status of Women - Government Bill (House of Commons) C

Principles Relating to the Regulator	
Principle 1	The responsibilities of the regulator should be clear and objectively stated.
Description	The regulator's responsibilities and powers derive from the ELMV law. Article 8 refers to the powers of the CNY, which alone is the government agency authorized to regulate and administer securities laws and related statutory agencies. Agreements are the formal regulations of the CNY. This XV of ELMV sets out the collaborative procedure for adoption of agreements, which establish that in the event that the CNY adopts, amends, or revokes an agreement, or makes a recommendation to the Executive Branch to adopt, amend, or repeal a Law Decree, it must publish a notice for public consultation in two newspapers of national circulation not less than fifteen days before the date on which it is proposed to adopt the said agreement. The CNY can issue interpretation letters to applicants. Opinion 17-2000 sets out the form and content of the presentation of applications to the CNY, by individuals seeking a specific disposition of the ELMV or the Regulations. The interpretation process appears transparent and free of abuse. There are agreements of cooperation and transmission of information among the different authorities through various channels. Article 22 of the ELMV refers to the intergovernmental relations and indicates that the commission has the duty to enter into agreements with public or private companies, national or foreign, for the development of its functions. In its relations with the executive branch, the commission acts through the Minister of Economy and Finance (MEF). The CNY has signed a Memorandum of Understanding with the Attorney's office of the Administration in which they establish relations of cooperation and exchange of information between the two institutions. Likewise, a Memorandum of Inter-institutional Understanding in Supervision Affairs was signed by the Finance MEF, the CNY, and the Finance Insurance and Reinsurance Superintendence. Its objective was the commitment of the parties to be collaborative in matters pertaining to supervision, including the duty to exchange and to be provided reciprocally with the necessary information to facilitate supervision. The work of supervision will be shared mutually by the parties in confidence, despite the applicable legal constraints, including those that restrict disclosure. Equally, the CNY has held discussions with the Financial Analysis Unit (UAF) in order to sign a future agreement of cooperation between the two institutions. Finally, the CNY has also approached the MEF regarding a "contribution agreement" under which the Ministry will collaborate with the commission in order to collect the fines imposed by the CNY. The CNY, either on its own initiative or at the request of the Financial Analysis Unit.
