But my interest in the Yugoslav variant of communism also helped shape the direction of my work.

Critical Readings in Teacher Education

Subsequently, this book is a call to recognize and acknowledge Indigenous knowledges as legitimate knowings in their own right, and not necessarily in competition with other sources or forms of knowledge.

Critical Readings in Teacher Education

Committed to the proposition that theoretical literature should be accessible to a variety of audiences, the series insists that its authors avoid esoteric and jargonistic languages that transform educational scholarship into an elite discourse for the initiated.
