### Appraisal Policy of the National Archives

Agencies may maintain such files as case files or as separate series.

### Archives and Records Management Resources

Make an effort to collect resources created by rather than just about Native Americans.

### Book preservation in developing countries

This basic finding aid is a primary description and describes archives in a way that reflects the system or function that brought them into being: a contextual, provenance-based approach. The previously described data and program archives at Sociometrics have worked with Scientist Expert Panels in establishing criteria for inclusion in the various collections. These rights apply to issues of collection, preservation, access, and use of or restrictions to these materials.

## GUIDELINES FOR DEVELOPING AN ACQUISITION POLICY

In the future, NARA may develop specific guidelines for other kinds of records. About the appraisal process: 1.

### Archives and Records Management Resources

The physical sciences include chemistry, physics, the space sciences astronomy, planetary science, and space physics , and a number of earth sciences including geology, hydrology, meteorology, oceanography, and soil science. What is the quality and quantity of informational data in the records? Preservation activities vary widely and may include monitoring the condition of items, maintaining the temperature and humidity in collection storage areas, writing a plan in case of emergencies, digitizing items, writing relevant , and increasing accessibility. The software is used sometimes as the digital exhibition platform in conjunction with other DLMS Gilbert and Mobley, 2013.

**Preservation (library and archive)**

In some instances, a joint acquisition process may be appropriate.
