Wall Clocks for Every Budget

Consider the general theme of a room when choosing a clock. The pendulum and escapement control the speed of the clock. Pendulum clocks also have timekeeping gears that drive the hands around the face.

The World Clock — Worldwide

You can find cuckoo clocks made in traditional styles, including dark or light woods, with a cuckoo that sings to mark each half hour. In the center, you'll find an openwork design dotted with colored tiles that showcase each number on the clock face.
