### Early childhood education center financial policies and procedures

The parent, service coordinator, Early Intervention Official, service providers, and other participants in the development, review, and annual evaluations of the IFSP should reach agreement as to how missed visits will be addressed for example, whether missed visits must be provided within a specified timeframe.

### Early childhood education center financial policies and procedures

FERPA tries to build a wall between the records maintained by such a unit and those maintained by the rest of the educational institution. FERPA leaves no flexibility for sharing any information about students with any social service agency for any purpose except in connection with a financial-aid program.

Throughout the year, they offer this service for the full working day or for different periods during the day. Because the Congress did not authorize additional funds for DHEW to implement the law, the Department has not been able to spend much money doing so.

### Safeguarding: Record Keeping & Confidentiality

FERPA Guarantees Parent Review and Appeal If, upon review, parents find an education record is inaccurate or misleading, they may request changes or corrections, and schools and education agencies must respond promptly to these requests. Even if FERPA provided a more effective sanction than the withdrawal of Federal funds, DHEW could not attempt to monitor each institution's performance or pursue each individual complaint. He also imitated several 2-3 word utterances modeled during the session.

### Protecting the Privacy of Student Education Records

Many post-secondary institutions depend on local law enforcement agencies for campus security and may share information with these agencies. One university proposed barring waivers, but had to withdraw the proposal in the face of student assertions that accepting it would weaken their competitive position for admission to other institutions. Therefore, the Commission recommends: Recommendation 15 : That the Family

Educational Rights and Privacy Act be amended to provide: a that records collected or maintained by the security or law enforcement branch of an educational agency or institution solely for a law enforcement purpose- i shall not be considered to be education records subject to the provisions of FERPA when the security or law enforcement branch does not have access to education records maintained by the agency or institution; and ii may be disclosed only to law enforcement agencies of the same jurisdiction and to school officials responsible for disciplinary matters; b that disclosure of information may be made by an educational agency or institution to law enforcement officials without the consent of the student or parent, provided that: i an official determination is made by the educational agency or institution and not by a component thereof that the information disclosed is necessary to an authorized investigation of ongoing violations of law which threaten the welfare of the educational agency or institution or its students or faculty; and ii each determination is publicly reported to the governing board of the agency or institution including the type of information disclosed, the number of individuals involved, and the justification for such disclosure, but not the names of the individuals involved.

## **THE IMPORTANCE OF RECORDS/RECORD KEEPPING IN PRIMARY SCHOOLS**

In some situations, such as group therapy, it may make sense to create and maintain a complete and separate record for all identified clients.
