## Listen Free to Birth of the Modern: World Society 1815

In this challenging account of his feelings about God and religion, Johnson shares with others the strength and comfort of his faith.

## The Birth of the Modern: World Society 1815

Provocative, challenging, and listenable, this remarkable story is told through the lives and actions of its outstanding, curious, and ordinary people. Possible ex library copy, will have the markings and stickers associated from the library. From Wellington at Waterloo and Jackson at New Orleans to the surge of democratic power and reform, this tumultuous period saw the United States transform itself from an ex-colony into a formidable nation, Britain become the first industrial world power, Russia develop the fatal flaws that would engulf her in the twentieth century, and China and Japan set the stage for future development and catastrophe.

## The Birth of the Modern

A collection of essays liberally peppered with the highways and byways of the last thousand years of English history. The replacement of wood fuel by coal, the decisive technological change in the process of modernization, led to the expansion of the iron, glass, and pottery industries and to cheaper forms of bulk transport, first by coastal shipping, then by canals and railroads. The Birth of the Modern has established itself as a new kind of historical work - an examination of the way the matrix of the modern world was formed.
