Foldable IOLs ushered in new cataract and refractive paradigm

Dry eyes or corneal problems may cause irritation and reduce the amount of time the contact lens can be worn each day. In addition, the patient must have good eyesight and good manual dexterity to be able to clean, handle, insert, and remove the lens. Our company has introduced these foldable hydrophilic. Being a renowned organization of the market, we are engaged in offering an all-encompassing range of Foldable Lenses.
