3. Shah Waliullah Dihlawi (His life)

The range of his works include: economic, political, social, meta-physical, as well as purely theological aspects.

Shāh Walī Allāh of Delhi's Hujjat Allāh Al

But even such a cautious approach to ijthād was a tough sell to his fellow Indian Ḥanafī scholars who refused to loosen their adherence to the decisions and interpretations of the ancient authorities, and who generally would brook no departure from the conventional positions of their school and were in no mood to revisit their positions. Contrary to popular belief, Walīyullāh did not call for unrestricted ijthād but rather insisted it had to be exercised within the existing paradigm of the law schools. Shāh Walī Allāh of Delhi's Hujjat Allāh Al

The most important of Shah Waliullah's works is his Hujjat Allāh al-Bāligha in which he made an attempt to present the teachings of Islam in a spirit of scientific objectivity.

During this time, he also saw the forty-seven spiritual visions which form the subject matter of his famous mystical work Fuyud al-haramayn Emanations or Spiritual Visions of Makkah and Madina. By University of Notre Dame It is one of those twists of history that in a region famed for hosting the largest number of followers of the Ḥanafī school, and large numbers of the Shāfi'ī, Ahl al-Ḥadīth salafī, Ja'farī, and Ismā'īlī schools, South Asia can also boast a healthy interest in the Muwaṭṭa' of Mālik b. He added that the Mahdi doctrine is not specific to Shias and that, apart from the question of his actual birth, there's a consensus among all Muslims that Imām Mahdi is from the progeny of Prophet Muḥammad and that he will rise from Mecca and that when he rises he will get rid of all corrupt rulers and fill the Earth with justice.
