During her career, she has taught floral design to amateurs and experts, practiced floral design professionally, and conducted workshops all over the mid-Atlantic. But the majority of generally well-respected images nowadays feel too polished for Deschaumes.

Windowsill Art: Creating One

About half-way, we stare at a silhouetted bird of prey, sat in a tree overlooking the ominous-looking landscape and sheer cliffs of Torres Del Paine, Patagonia. This is particularly true for the blazing sunsets in the Patagonian mountains, where the images look nothing short of jaw dropping. We have grown so accustomed to sharing our houses with plants that it may be surprising to learn that it was only in the last century that plants began to move indoors.
