John's College in Annapolis, the University of Wisconsin, as Presidential Lecturer at the University of Montana and at the Woodrow Wilson Center for International Scholars.

## About the Author

Mixity, proposed Trump Tower, Baku, Azerbaijan. By binding the fate of the currency to that of financial assets, as John Law proved, it is the currency that is destroyed. He completed his doctoral work at the and the in a program created specially to accommodate his comprehensive theory of human history.

## Lessons on inflation from the past

Instead, it was Germany that faced reparations and a post-war crisis. He lives in the mountains on the western flank of the Shenandoah Valley in Virginia.

## THE DANCE OF POLARIZATION And the Next Step Beyond

One might be both a better warrior than the hawks and a better peacemaker than the doves. Truth to tell, the great sin of the Trump Organization over the past three decades has not been the consistent perpetration of bad architecture. It is hardly a coincidence that many of them are also collectors of art.

## THE DANCE OF POLARIZATION And the Next Step Beyond

In the presence of what I see as my mother's over-cautiousness, I have to work to maintain my more typical prudence. The Parable of the Tribes is

an awesome achievement that will completely restore your faith in human nature.

### **Lessons on inflation from the past**

Polarization is something we can see happening constantly in human relationships, on scales large and small. On the one hand, we cherish the value of the free flowering of the human spirit; on the other hand, we also honor the value of a coherent social order.
