The Colorado River Delta Is Proof of Nature's Resiliency

The Department of the Interior has started construction of the desalting plant located just west of Yuma, Arizona. Here at Laguna Grande, we have the largest cottonwood and willow forest along the Colorado River in Mexico.

Colorado River Compact

United States participation was authorized by the Act of Congress of August 10, 1964, as amended. With it came a notable uptick in migratory and nesting waterbirds and nesting riparian birds.

1944 US

In the longer term, if drying continues as projected, this may not be the case.

The lost river: Mexicans fight for mighty waterway taken by the US

Under a 'normal climate', each country can use 50% of the natural flow up to the border crossing. Mexico pointed out that the United States controlled the Colorado River—allocating only 1.

Continental Effects (North America)

United States Bureau of Reclamation. But it took some time to cultivate that connection.
