List of Persian gardens in Iran

The gardens are built to provide a sanctuary. The canals are lined with blue-green tiles, a color which contrasts wonderfully with the desert outside the garden walls.

The 10 Most Beautiful Parks and Gardens in Iran

Notwithstanding a formal standardization, the landscape gardens also reflect diversity and development, bound to function, regional and chronological characteristics, as well as technological, know how personal preferences, ambitions, and demands.

Persian gardens

Со временем оно претерпевало изменения и приспособлялось к различным климатическим условиям. The main pool, with 12 meters width and 194 meters length, divides the garden into two parts and connects the exterior section to the interior section. As soon as you pass through the entrance, you can see a body of water or a stream of water coming from a spot inside the garden.

The last primary style of Persian gardens is the Park, which is very similar to any other public park, created with a purpose for relaxation and socialization. Bagh-e Eram Bagh-e Eram, a UNESCO-listed garden, is a popular site for tourists and locals alike.

List of Persian gardens in Iran

Tradition dates the construction of the park to the late 18th century. The ground floor has the main hall through which a stream of water passes.

The Persian Garden

The outline of the Pasargad Persian Garden, built around 500 BCE, is viewable today. In all parts of Persian gardens, it is tried to use the optimum of site, environment and recourses.

Top 4 Styles of Persian Gardens

Sustainable Cities and the Contribution of Historical Urban Green Spaces: A Case Study of Historical Persian Gardens, Journal of Sustainability, 7, 13290-13316. In comparison with the other Persian gardens mentioned here, giving such a name to the palace has an interesting relationship with its structure. As in all eastern traditions, Iranian tradition emphasizes the importance of intention over accomplishment.
