Top 5 Cancers: Therapeutic Advances

This paper reports the results of a retrospective study of HDCT, followed by PBSCT, in patients with recurrent or metastatic NPC in partial remission PR or complete remission CR after conventional therapy.

Therapeutic advances in anaplastic thyroid cancer: a current perspective

Med Care 28 11 : 1089-103, 1990. Transportation to and from a radiation therapy facility is another impediment. Select Agent Research Reviewers will assess the information provided in this section of the application, including 1 the Select Agent s to be used in the proposed research, 2 the registration status of all entities where Select Agent s will be used, 3 the procedures that will be used to monitor possession use and transfer of Select Agent s , and 4 plans for appropriate biosafety, biocontainment, and security of the Select Agent s.

Cancer Concepts: A Guidebook for the Non

If patients are actively encouraged to ask questions, prognosis is the one area in which they desire information and actually increase their question-asking. Just like curative patients, palliative patients require multi-disciplinary management.

Top 5 Cancers: Therapeutic Advances

This formulation significantly improved cytotoxicity against ATC cells without affecting normal thyroid cells.

Therapeutic advances in anaplastic thyroid cancer: a current perspective

Part II: Impact on selected tumor subsets, and areas of evolving integration.
