## The Comic Latin Grammar: A New and Facetious Introduction to the Latin Tongue by Percival Leigh

In France he would have been buried in Père La Chaise, or some such place, and would have had an ode written to his memory. Though penetrated ourselves by the desire of imparting instruction, we are far from wishing to bore our readers; and therefore we shall endeavour to repeat nothing here that we have said before.

A verse consists of a certain number and variety of syllables, put together and arranged according to certain laws. But of all the sounds which proceed from the human mouth, by far the funniest are Ha! This emphatic way of speaking is indicative of two very amiable feelings implanted by nature in the female occiput, and called by the Phrenologists Adhesiveness and Philoprogenitiveness. A verse consists of a certain number and variety of syllables, put together and arranged according to certain laws.

So nice, and so innocent, and so good-tempered, and so affectionate, and such a colour! Amongst the ancients, Ulysses was the fattest, because nobody could compass him. There are certain nouns with which notions of strength, vigor, and the like qualities, are more particularly connected; and these are the neuter substantives which are figuratively rendered masculine. Imperfect nutrition is less to be deprecated than privation of aliment;—a new way of putting an old proverb, which we need not again insert, respecting half a loaf.
