### O'Flynn Surname Origins

Fiacha O'Flynn also called MacFlynn, Archbishop of Tuam was the emissary of the Irish Church to England in 1255. It is within the Craigavon Borough Council area, on the shores of Lough Neagh In the 2001 Census it had a population of 201 people. Later I was to meet another hero, Dr John Feehan UCD co-author of The Bogs of Ireland and these scientists were to encourage and inspire me.

### Trip idea: Lough Neagh

### About Us — Ulster Place

The seed is not saved, and therefore the plant is pulled just before it changes colour, from an opinion that when thus prepared it makes finer yarn. It was eventually found to be too small given the growth of the town, and the granted permission to build a replacement in 1725 one mile away on the 'Green of Lurgan', now known as Church Place, where it stands to this day. Of these paths, only the lower bath still remains today, although currently a recovery plan for the Ulster canal in progress.

### ★ Lough Neagh

Over time the parish boundaries changed as the size of the population changed and political and social arrangements were to change. Place is not simply location. A third story recounts how the famous warrior Finn MacCool Fionn Mac Cumhaill caused the creation of Lough Neagh.
