Our own Government is actively engaged in revising the Ordnance Survey, so that we may hope before long to have maps of our own large towns which shall fairly represent the numerous changes they have undergone since the publication of the original survey. It can be hard at times but it has worked for me in the leadership positions I have held.

Cancer in Indigenous Populations

It had an oriental flavour which is all that I can re-call of it.

Cancer in Indigenous Populations

It is about 22 miles north-east of a village named Pomor, and at about 54° N. Morris and Sons, of London, an old and first-class firm of cigar manufacturers, state that the productiveness of the Suanlambah tobacco, of which they received a sample, is on a par with the first Sumatra leaf of average crop. The committee compiled these Reports after oversight visits to several higher education and training institutions in Gauteng and the Eastern Cape and also to the University of Cape Town.

» Prevalence Cancer

August 1930 , passed away on the 27th October, 2008, at the Hospice Niagara, in St.

People, Places and Events

A necessary preliminary for the solution of this problem was the release from duty, not only of the transit of goods through Persia, but also on the exports from Persia itself ; and only on some such basis as this could the negotiations with the Shah be commenced.

John C Barry

In her youth she was active and saw the NATIONAL ASSEMBLY TUESDAY, 21 AUGUST 2018 Page: 68 establishment of the Federation of S A, Fedsaw, which mobilised women from all backgrounds and that organisation had to fight against patriarchy and ensure that women worked together.

South Africa

The forests abound in all kinds of rich cabinet woods and medicinal plants, amongst which may be mentioned the indiarubber tree, at present the most valuable ; the aguana, or mahogany ; the tortoise-shell wood ; the cocobolo, a most valuable wood for fine cabinet work ; the huacapa, a durable wood equal to lignum vita? We support the creation of this institution but we trust that the intelligence services it provides in terms of communicable diseases is not like the intelligence services we get from the Department of Intelligence sometimes when certain incidences of attacking schools, burning government building, etc. A series of letters on the Shan Country — notes of a journey by the Rev.
