What does Don't Know by Imagine Dragons means? — The Pop Song Professor

Meaning, your body will actually retain water when you consume insufficient amounts of it for the purpose of... you know... survival.

Why Am I Crying For No Reason?

Shall I give my achievements up and try again somewhere else? We all get it wrong sometimes but toxic people will make sure you know it. You are simply eating more calories than you are intending to, or burning less calories than you are intending to, or some combination of the two... and a caloric surplus exists... and your body is storing those extra unused calories in the form of fat. Hell, if you like her you might want to check out Diana Krall.

Toxic People: 12 Things They Do and How to Deal with Them

It could feel extremely painful.

What to Do When You Feel Sad and Don't Know Why

For a second it almost feels like excitement, until the belly flips start, my face heats up, and my neck starts to hurt and I feel a little dizzy.
