## Relative Clauses

About FluentU  
FluentU brings English to life with real-world videos. These verbs require an object in order to make sense.

## Swahili Plural

Do you see the cat which is lying on the roof? Masters in Computer Application and Business Administration.

## Swahili Plural

While hapa makes reference to a location near the speaker, huko refers to a location away from the speaker. This will become cleared later as used in the examples that follow below.

## Swahili grammar

The vosotros form is only used in Spain. The class 1 verbal concord a- is an exception, being replaced with w- in the genitive construction.

## Personal Pronoun

Marco only thinks of himself. The good thing is, you have probably been doing this to some degree already! Possessives for noun classes work the same way, except they will use the prefixes from the table.

## Rüdiger Köppe Verlag

Maybe that will make it easier to remember. Up next we have Adjectives.

## Personal Pronoun

The following table shows a summary of TAM forms which will be discussed in further depth below. The better option is to rewrite. Other nouns

can be made locative by adding the suffix -ni to the end, although this is not available for proper nouns referring to places, any animate nouns, recent loanwords and some other arbitrary nouns.
