Right when your opponent has settled on an offensive strategy that depends on your current positioning. This is the line that Fischer used to play against Caro Kann.

Common Chess Openings You Should Learn

Any other move you make will negate the possibility to use en passant. White has castled kingside while Black has castled queenside. In that way,

the knight has a leg up on the queen, but controls fewer total squares than the queen can.

Bobby Fischer [Opening Guide]

From Bobby Fischer v Boris Spassky 1972 to The Queen's Gambit 2020, chess has had two impressive but contrasting booms half a century apart. There are many distinct variations in the Sicilian defense, each of which leads to different types of positions, they are the closed Sicilian, classical Sicilian, dragon variation, and Najdorf variation.
